

## Driver Dispatcher

Driver Dispatcher is used by Restaurants that offer Delivery service to manage drivers and deliveries.

To access the Driver Dispatcher Screen, go to Main and click on Delivery Dispatcher, the following screen will appear:

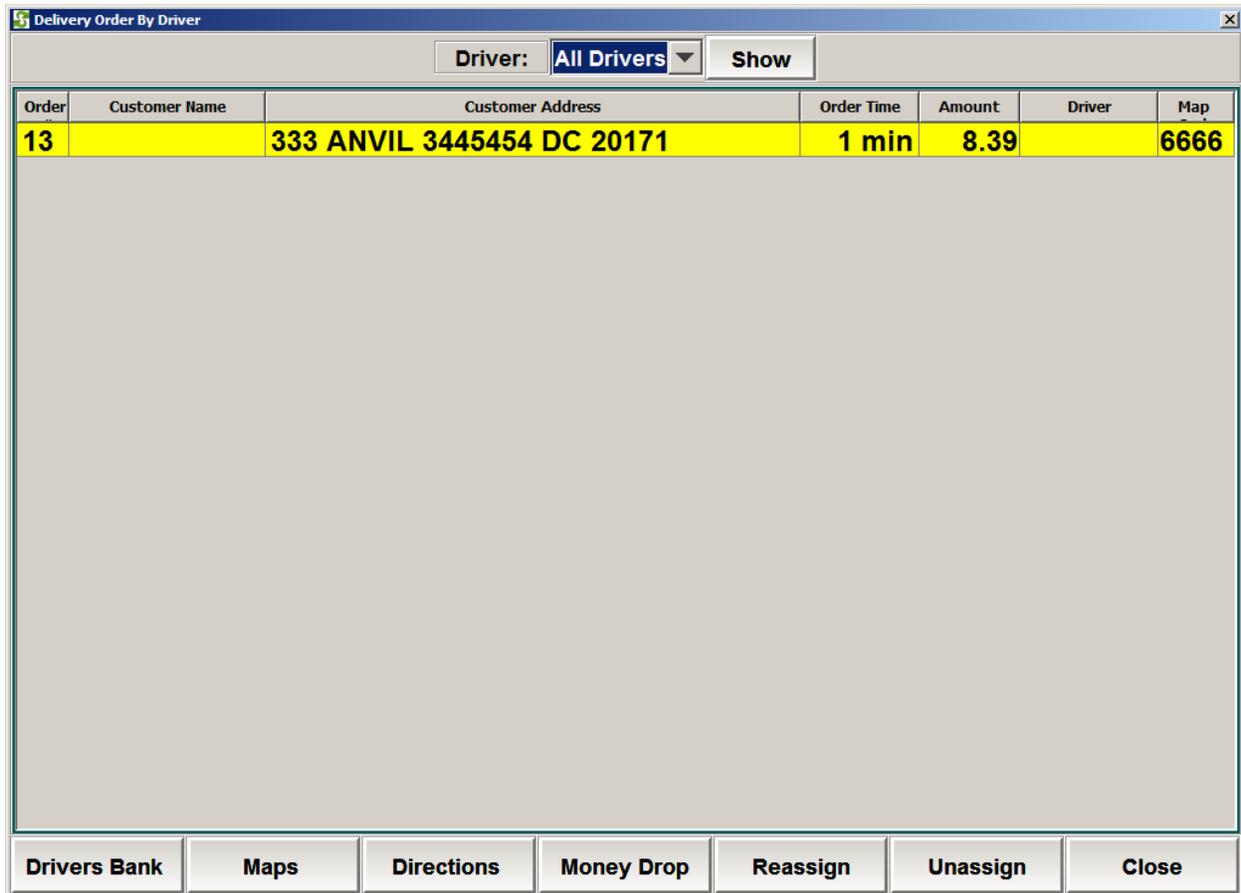

Order #	Customer Name	Customer Address	Order Time	Amount	Map
13		333 ANVIL 3445454 DC	0 min	7.14	6666

1. Delivery orders will be displayed in the order they are received. If the color of the order is red, it means it has been more than 30 minutes old.
2. To assign driver by manager, highlight the orders and select the driver then click on Manager Assign Button, enter the password

3. If a driver wants to assign orders to himself, he can highlight the orders and then click on self-assign, then enter the password.

To view the orders by drivers, Click on Orders By Driver Button and the following screen will appear:

The screenshot shows a software window titled "Delivery Order By Driver". At the top, there is a "Driver:" dropdown menu set to "All Drivers" and a "Show" button. Below this is a table with the following data:

Order	Customer Name	Customer Address	Order Time	Amount	Driver	Map
13		333 ANVIL 3445454 DC 20171	1 min	8.39		6666

The entire row for order 13 is highlighted in yellow. Below the table is a large grey rectangular area. At the bottom of the window, there is a row of buttons: "Drivers Bank", "Maps", "Directions", "Money Drop", "Reassign", "Unassign", and "Close".
